

# Do you want to get involved in a Signature Hunter Valley Event?

## *Time for a Change, What about Singleton?*

Move over Hollywood, Singleton is taking over the big screen! We're looking for young people to get the camera rolling on their vision and ideas for Singleton now and in the future in the Time for a Change film competition as part of the Glencore Singleton Festival 2019!

As well as showcasing the talents of our young people, the film competition aims to capture what they love about Singleton, recognising the value of our idyllic lifestyle, inclusive community and quality environment – and perhaps encourage other people that the Singleton local government area is the perfect place to call home.

## *Sounds Interesting?*

We are on the hunt for up to eight production teams to each create a three to four-minute news story, promo, advertising pitch, music video, drama or comedy skit about why people love to live in and around Singleton.

Each team will be given training in the principles of producing a broadcast-quality video production and work working with the latest technology to best tell their story.

## *Will you be at the Red-Carpet Premiere?*

A special screening of the films will be held in October, with all the red-carpet glitz and glamour of a Hollywood premiere to coincide with the Hunter's Reel Film Festival. And in the tradition of the Academy Awards, trophies and cash prizes will be awarded on the night for all aspects of production – and the best picture will take home the inaugural Golden Sundial Trophy!

## *What can I do to Help?*

*Put the spotlight on your business by becoming a sponsor of 'A red carpet Event!'*

Singleton Council is right behind the Time for a Change film competition to support young people to realise their potential as the community leaders of the future.

You can partner with the Time for a Change film competition to play an important role in the future of Singleton – and maybe even discover the next Steven Spielberg!

Your contribution will ensure Time for a Change becomes a signature Hunter Valley event as an opportunity for budding filmmakers to develop and hone their skills, as well as bringing the community together to celebrate what we love about Singleton in an entertaining way.

## *How do I get involved?*

If you have any questions or would like more information, head to the Singleton Festival website <https://singletonfestival.com.au/> or email [whataboutsingleton@gmail.com](mailto:whataboutsingleton@gmail.com) or Phone Neal on 0412564943
